

Northeast Tri County Health District Sewage Permit Record Search Request

The Health District has sewage permit records on file. The sewage permit records contain information about a sewage system, such as permit number, as-built drawing of installed system, septic tank sizing, drainfield location and dimensions, etc. Information from the sewage permit is useful when locating the septic tank for pumping, when determining locations for outbuildings and driveways, or when property ownership changes.

To request sewage permit information, please complete this form. If a permit is on record with the Health District, you will be provided a copy of the sewage permit and as-built drawing of the sewage system.
